

Table of Contents

1. Introduction
 - a. Motivation
 - b. Tuning Drums (How does it work? What is it about? Etc.)
 - c. Goals
2. Related Work / Existing Methods for tuning drums
 - a. Mechanical Devices
 - b. Electronic Devices
 - c. Apps
3. Pitch detection algorithms
 - a. (Some algorithms to be chosen and described here)
4. Requirements
5. Concept
6. Implementation
 - a. Matlab
 - b. App
7. Tests
8. Results
 - a. Difficulties
 - b. Solved Problems
 - c. Unsolved Problems
9. Summary
